

# THE TORAH IN FIFTEEN PANORAMAS

Genesis to Deuteronomy in one architectural set · Built for the household, the pulpit, and the rebuilder

## WHAT IT IS

The CFADD Pentateuch Panorama Edition is the first complete release of our KJV Visual Study Bible — fifteen large-format Panoramas covering the entire Torah, each section rendered to the same locked eight-zone CFADD layout:

1. Macro Position · 2. Color-Coded Outline Bar · 3. Structural Flow · 4. Thematic Shifts · 5. Literary Divisions · 6. Six-Pillar Ministry Layer · 7. Christward Trajectory · 8. Symbol Legend

Every page is built so a parent at the kitchen table, a small-group leader, and an apostolic teacher all read the same architecture — and can hand the book to the next generation without translation.

## THE 15-PANORAMA JOURNEY

**Genesis · 1–7** Blueprint Laid Down · The Breach · Boundaries Reset · Babel · Abrahamic Covenant · Jacob · Joseph

**Exodus · 8–9** Deliverance Out · Covenant Cut at Sinai

**Leviticus · 10–11** The Law of Access · The Law of Life

**Numbers · 12–13** The Law of Order · The Law of the Wilderness

**Deuteronomy · 14–15** The Covenant Renewed · The Covenant Witnessed

The architectural arc walks from Foundation to Deliverance to Access to Order to Renewal — one continuous Restoration storyline from a garden in Genesis to a grave on Nebo, with Christ traced through every section.

## FAMILY STUDY + CULTURAL ADVOCACY

Why families need it. Most study Bibles ask a household to follow a footnote. The Panorama edition gives them a map — one page per block — so a family can see where they are in the story before they read a single verse. The Six-Pillar Ministry Layer turns every section into a Doctrine · Family · Kingdom · Culture · Prayer · Rebuilder cycle the household can teach in twenty minutes.

How it advances our advocacy. CFADD exists to confront destructive decisions with a biblical framework families can carry into the culture. The Pentateuch Edition gives our movement a visual catechism — every Panorama names the Cultural Application of the text, so the conversation moves from sanctuary to school, bedroom to ballot, household to public square. This is the tool we have been building toward.
